## Three Days Grace

Worn out and faded  
The weakness starts to show  
They've created the generation  
That we know  
Washed up and hated  
The system moves to slow  
They give us answers  
To questions they don't even know

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated

Used up and jaded  
You're thinking way to slow  
So we're creating  
Answers on our own  
We can't relate  
To what you think you know  
And you create  
The problems that will never  
Go away

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated

(Go away, go away, go away, go away)

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated
