

# Right Left Wrong

Three Days Grace

Sometimes I just wanna run away  
Run away  
Run away  
I only wanna disappear  
Far from here  
Away from everyone  
Before I come undone  
The time has come  
The time has come

So here I go  
Left right left  
Right left wrong  
I don't know where I'm going  
But I just keep moving on  
Moving on  
Moving on

I've been thinking about it  
Too much doubting  
All of these feelings  
Too many reasons to run  
The time has come  
The time has come

So here I go  
Left right left  
Right left wrong  
I don't know where I'm going  
But I just keep moving on  
Left right left  
Right left wrong  
I don't know where I'm going  
But I just keep moving on

I put my head down keep running away from it  
Anywhere I'm going can't be worse than this  
I need to get away before it pulls me in  
And I'm never ever getting close to anyone again

I put my head down keep running away from it  
Anywhere I'm going can't be worse than this  
I need to get away before it pulls me in  
I'm never ever getting close to anyone again  
And I don't even know where I'm going to  
But I don't want any motherfucking part of you  
I've been waiting for this moment for way too long  
I don't know where I'm going but I just keep moving on

Left right left  
Right left wrong  
I don't know where I'm going  
But I just keep moving on  
Left right left  
Right left wrong  
I don't know where I'm going  
But I just keep moving on
