

Half Way Home

Threshold

Hey
I can't shout any louder
Here I am, can I stay awhile?
Hey
It's getting colder
Hold me now, closer than the wind and save me from the hurricane inside

I got better ways to waste my time than waiting for the sun to shine for everyone
I got better ways to spend my days than getting off on the latest craze, I'm holdin' on
There's still such a long way to go
I'm halfway home

Hey
I can't wait forever
I hardly know what I'm waiting for
Help me now
Can't you see I'm falling down?
And here I am, I'm coming down to land

And I can't take the pressure anymore

I got better ways to spend my time than tryin' to find some hidden sign to take me there
I got better ways to waste my brain than tryin' to reach some higher plane, I just don't care
We've got such a long way to go

I can't keep away
From the promises you made
I can't keep away
And I'm halfway home
(Keep away)
Have I lost you in the chase?
I found my way
And I'm comin' home
(Keep away)
Gonna be with you again
'Cause I'm halfway home
