Adrenalin

Throbbing Gristle

All this energy destroys me
Killing my security
Sitting here you make me shiver
Sitting here I lose all fear
Making love in different places
Jealousy brings you
So near

It still helps me be happy
It still helps make me free
Yet it still helps me be happy
And it still helps made me free
Adrenalin, adrenalin
Paper-thin adrenalin
Paper-thin adrenalin
[?]

Sitting here you make me shiver
Sitting here you see my fear
I am split in different places
I am split from everything
Longing for security

Paper-thin adrenalin
[?]
Paper-thin adrenalin
Waiting for the life you give
Here we are just sitting pretty
Here we are just sitting pretty

[x3]
Paper-thin adrenalin

Longing for security
I am split in different places
I am split from everything
Yet it still helps make me happy
Sitting with adrenalin
And it still helps make me happy
Can I be alive once more?
[x10]
Paper-thin adrenalin
