

National Affront

Throbbing Gristle

National Affront
The national affront
Keep the affront
The national affront
It's the national affront
I've got my brown strap
I've got the house to pay
My work could have it all
I earn a meager pay
It's the national affront
It's the national affront
I wore my brown shirt
I got my Nazi clan
I got my brown boots
It's the national affront
I've got my brown boots
I got my shirt
I got my little book of Nazi
I got a little fancy car
I got my brace on my boots
I've got my skin and teeth
I got my masturbator
Just a little dirty
National affront
National affront
National affront
Have you seen my
Have you seen my
Have you seen my
National affront
Brown strap going across my chest
Such a break
Such a break
See them all frying
See them all frying
Little girl
Jewish girl
That's who's frying
That's who's frying
National affront
