

Brave

Throne

we live in holes, afraid to breathe
well throw me to the wolves and...
wish me luck, i'm gonna need it
wish me luck, until i feel brave
wish me luck, i wanna feel it

wish me luck, until i feel brave
it feels like rain, fools rush in, secure
throw me to the cold and...

wish me luck, i'm gonna need it
wish me luck, until i feel brave
wish me luck, i wanna feel it
wish me luck, until i feel brave
