

## Bottomless Grave

Throneum

Bottomless grave  
The opium den of hell  
Troubled fog, dense like a pitch  
The demoniacal phlegm

Open wild and spread  
Sepulchral rites of nothingness  
From beyond all dimensions  
Decaying in spasms of possession

The Underground of the bottomless grave  
Vertical labyrinth - wells and shafts from before the world  
Souls annihilated inside, devoured by His darkness  
Here, where nothingness incanted all forms collapse
