

## He Has Lain Down and Is Never to Rise Again

Throneum

Wickedness has lain down and is never to rise again  
The young man has lain down and is never to rise again  
He who feasts of strenght has lain down and is never to rise again  
He has lain down and is never to rise again

The lord of Kulaba has lain down and is never to rise again  
He who spoke most wisely has lain down and is never to rise again  
The plunderer of many countries has lain down and is never to rise again  
He has lain down and is never to rise again

He who climbed the mountains has lain down and is never to rise again  
He has lain down on his death-bed and is never to rise again  
He has lain down on a couch of sighs and is never to rise again  
He has lain down and is never to rise again
