

Blindsided

Through Fire

I was lost in the dark falling apart
I was so far away
From feeling anything that's real
From feeling anything
I was stranded alone with nowhere to go
Every day was the same
I never thought my world would change
But the minute I looked away
The minute I looked away

I was blindsided
When our souls collided
It hit me like lightning
I never saw it coming, never saw it coming
Blindsided, no I cannot deny
You make me feel so alive, yeah
But I never saw it coming, never saw it coming
I was blindsided
I was blindsided

I was holding my ground, but damn somehow
All the walls came crashing down
You broke through my best defense
I'm defenseless now
I don't have the words and I don't deserve
The love you give to me
But now I know that I believe
In something I couldn't see
In something I couldn't see

I was blindsided
When our souls collided
It hit me like lightning
I never saw it coming, never saw it coming
Blindsided, no I cannot deny
You make me feel so alive, yeah
But I never saw it coming, never saw it coming

I'll never go back, never go back
To the way it was before
Now that I have, now that I have
What I wasn't looking for

I was blindsided
When our souls collided
It struck me like lightning
I never saw it coming, never saw it coming
Blindsided, no I cannot deny
You make me feel so alive, yeah
But I never saw it coming, never saw it coming
No, I never saw it coming, never saw it coming
No, I never saw it coming, never saw it coming
I was blindsided
I was blindsided
