

For The Last Time

Through Fire

Broken glass across the floor
Your secret past kicking down the door
My angry heart won't take anymore
I won't take anymore
Round and round we go again
And now the vultures are circling
Just waiting to tear the flesh from bone
The end is close

You know I've tried, I've tried
But sometimes beautiful things die

Now the only thing good about you
Is saying goodbye
You can keep all your problems
Now they're not mine, they're not mine
And you can take all the blame
All the pain, everything
All the hurt, all the hate
And get the fuck away
Cuz the only thing good about you
Is saying goodbye
For the last time

You lie, you cheat
You're nothing but a thief
You're such a damn fool
If you think you'll fool me
You're wasting all your time
Stealing every breath
But you won't take mine

You know I've tried, I've tried
But sometimes beautiful things die

Now the only thing good about you
Is saying goodbye
You can keep all your problems
Now they're not mine, they're not mine
And you can take all the blame
All the pain, everything
All the hurt, all the hate
And get the fuck away
Cuz the only thing good about you
Is saying goodbye
For the last time

You know I've tried
But sometimes beautiful things die

Now the only thing good about you
Is saying goodbye
You can keep all your problems
Now they're not mine
And you can take all the blame
All the pain, everything
All the hurt, all the hate

And get the fuck away
Cuz the only thing good about you
Is saying goodbye
For the last time

Now the only thing good about you
Is saying goodbye
For the last time
The only thing good about you
Is saying goodbye
For the last time

For the last time
