

Satellites

Through Fire

There's a glow in your eyes
It's so beautiful
I don't remember a time
I felt this incredible
My world stopped spinning
The second you walked in
Into my life
So take my hand
We'll leave the past behind

Leave the past behind

Tonight don't worry 'bout anything
Just live in the moment
Tonight forget about everything
We'll fix what's broken
We'll get so high
Higher than satellites
Just you and I
Tonight don't worry 'bout anything
Just live in the moment

We can run through the streets
Screaming like we're freaks
Or we can lay on the rooftop
Until the moon drops and the sun comes up
It doesn't matter what we do
Cuz you've got me and I've got you

Tonight don't worry 'bout anything
Just live in the moment
Tonight forget about everything
We'll fix what's broken
We'll get so high
Higher than satellites
Just you and I
Tonight don't worry 'bout anything
Just live in the moment

Cuz we finally feel alive
We've been dying for so long inside
So tonight we'll forget about all our pain
Tonight we'll remember why we can't stay away

Tonight don't worry 'bout anything
Just live in the moment
Tonight forget about everything
We'll fix what's broken
We'll get so high
Higher than satellites
Just you and I
Tonight don't worry 'bout anything
Just live in the moment

You and I
We'll get so high
Higher than satellites

You and I
We'll get so high
Higher than satellites
