

Sick And Tired

Through Fire

I'm dead to your touch, I cannot feel a thing
It's like after you there's morphine running through my veins
Cause I've been through it all and now I'm immune to your pain
You keep crawling back to me but you can go fuck yourself again

Because all I see are lies in your heart
The truth is you can't fix this now
Cause you pushed me too far

Oh, I'm so sick and tired of going in circles with you
Oh, I'm so sick and tired of the hell that you put me through
I'm so over it
You make me sick

And don't apologize cause I've heard it all before
And I will not waste my time on your bullshit anymore

Because all I see are lies in your heart
The truth is you can't fix this now
Cause there's too many scars

Oh, I'm so sick and tired of going in circles with you
Oh, I'm so sick and tired of the hell that you put me through
I'm so over it

I, I, I don't want it
I, I, I don't need it
I, I used to love it
But now you make sick
You make me sick
You make me sick
You make me sick

Oh, I'm so sick and tired of going in circles with you
Oh, I'm so sick and tired of the hell that you put me through
I'm so over it

I, I, I don't want it
I, I, I don't need it
I, I used to love it
But now you make sick
You make me sick
You make me sick
You make me sick
You make me sick
