## Through Fire

(I'll be your superhero,  
I'll catch you when you fall  
I'll be here with you through it all)

I'll give you stars from space  
I'ma just light you way  
I'ma do whatever the hell it takes  
Cause heaven knows I will save you  
From all the hurt and pain  
And everything I will do for you, I will die for you  
Whatever have to do, I will do for you, I will die for you  
Whatever I'll have to do

I'll be your superhero,  
I'll catch you when you fall  
I'll be here with you through it all  
I'll be your superhero,  
A hand to always hold, I'ma never let you go  
I'll be your superhero

And I will walk through the flames every single day  
Just to keep you safe  
And I'll protect you from the danger  
I'll give you my last breath  
And the heart out of my chest

I will do for you, I will die for you  
Whatever have to do, I will do for you, I will die for you  
Whatever I'll have to do to rescue you, rescue you

I'll be your superhero  
I'll catch you when you fall  
I'll be here with you through it all  
I'll be your superhero  
A hand to always hold, I'ma never let you go  
I'll be your superhero
