

Wake The Dead

Through Fire

Wake the dead
Wake the dead
Now the crowd will shake like the end of this

We need answers, we need truth
We won't rest till we get it
We never go away, we're all here to stay
We need answers, we need truth
We won't rest till we get it
We're the people
We're the people
We're gonna stand up
Even if the sky is falling down
Even if our blood stands broken ground
We'll keep rising, we'll keep fighting till the end
We won't stop till they get everyone word we said
Shout out loud and wake the dead
Wake the dead

We need answers, we need truth
We won't rest till we get it from you
We're the people
We're the people
We're the people
We'll take a stand
We've had enough
We've had enough
It's time to get the fuck out
Even if the sky is falling down
Even if our blood stands broken ground
We'll keep rising, we'll keep fighting till the end
We won't stop till they get everyone word we said
Shout out loud and wake the dead
Wake the dead
Wake the dead!

(Get up, get up!
Get up, get up!
Rise! Rise! Rise!
Get up, get up!
Rise! Rise! Rise!
Get up, get up!
Get up, get up!)

Even if the sky is falling down
Even if our blood stands broken ground
We'll keep rising, we'll keep fighting till the end
We won't stop till they get everyone word we said
Shout out loud and wake the dead (we will rise)
Wake the dead (we will rise)
Wake the dead!
Wake the dead!
Wake the dead!
