

Abyssal Creation

Through the Eyes of the Dead

The Moon Eclipsed The Sun And The Sea Turned Cold On
Shore Fires Burn Beneath The Starlight's Glow The Moon
Eclipsed The Sun And The Sea Turned Cold On Shore Fires
Burn As Screams Continue To Grow As Carnage Unfolds Sleep
Now Sleep Forever This Wretched Act Is A Beautiful Thing
Beneath A Starlight's Glow Rivers Of Blood Will Run For
Days Until All Beings Have Perished Bodies Begin To Pile
In The Streets As Reality Fades They Pray With Their
Pyramid Hands While Their Sea Turns To The Coldest Blood
Pray For This Act To Surpass And So They Sing The Songs
Of Death And Torment Beneath The Starlight's Glow Mangled
Bodies Are Displayed For All To See
