

# Going Numb

Throw The Fight

When did it get to this point of no return?  
When did I lose sight of who I want to become?  
Sight tight in the dark, hide behind the light  
Don't show your face, don't show your face  
Bright lights, big dreams  
Believe in what you say

My hands are shaking  
Body's going numb  
I feel like I'm losing control of everyone

I know that people change  
I feel like a runaway  
I said I'd never let go  
I feel like a runaway

Winning the battle is the hardest part to overcome  
With this loss in my heart I've won  
I can't let go

My hands are shaking  
Body's going numb  
I feel like I'm losing control of everyone

I know that people change  
I feel like a runaway  
I said I'd never let go  
I feel like a runaway

Runaway  
Runaway

My hands are shaking  
Body's going numb  
I feel like I'm losing control of everyone

I know that people change  
I feel like a runaway  
I said I'd never let go  
I feel like a runaway

A runaway  
A runaway
