

# Heart Of Gold

## Throw The Fight

What do you see when you look in the mirror?  
Reflections are clear  
Ask yourself  
is this everything you wanted,  
Or just everything that you fear?

Haunted from my past  
Time ticks too fast  
Block out the voices

Close my eyes  
Tell me lies  
Take a minute to realize  
Close my eyes  
tell me lies  
From your home,  
your heart of gold

Was it worth all the hurt  
you caused to the innocent,  
Victims and standby?  
Saying goodbye  
is the hardest part  
to the loved ones you never want to let go

Close my eyes  
Tell me lies  
Take a minute to realize  
Close my eyes  
tell me lies  
From your home,  
your heart of gold

Haunted from my past  
time ticks way too fast  
Block out the voices,  
Block out the voices

Close my eyes  
Am I in a black hole?  
Take a minute to realize  
Tell me lies  
from your heart of gold  
All these feelings trapped inside

Close my eyes  
Tell me lies  
Take a minute to realize  
Close my eyes  
tell me lies  
From your home,  
your heart of gold
