Throw The Fight

Stare up at the sky with me
This place has nothing I need
Staring in the distance
Pick out the stars to guide me

Memories
Are we all I have left to hold on to
I remember you

My home
Is where I belong
Where I can lay, where I should stay
My home
Always changing
It's not the same
It's not the same

Feel the wind brush against my face
It's a like piece of heaven to me
Dreaming of the next time
I can see your true beauty

Memories
Are we all I have left to hold on to
I remember you

My home
Is where I belong
Where I can lay, where I should stay
My home
Always changing
It's not the same
It's not the same

Feel this pit of guilt in my stomach
Feel it growing stronger
Feel this pit of guilt in my stomach
For leaving you
For leaving you

My home
Is where I belong
Where I can lay, where I should stay
My home
Always changing
It's not the same
It's not the same

My home is where I belong
It's where I should stay
It's not the same
My home is where I belong
It's where I should stay
It's not the same
