

# Lost Without You

## Throw The Fight

Paralyzed by these feelings  
Trying to heal, and they won't go away  
Traumatized by the looks that you give in the nighttime  
Why can't you just stay?  
Paralyzed by these feelings  
Trying to heal  
But it won't go away

Why can't you stay?  
I'm lost without you  
Why can't you stay?  
I'm lost without you

Fantasize of the past times  
Our love between you and me  
Got lost in the madness  
Lost in the sadness  
But the passion was real  
Paralyzed by these feelings  
Trying to heal  
But it won't go away

Why can't you stay?  
I'm lost without you  
Why can't you stay?  
I'm lost without you  
Wish you were here with me  
Hole in my heart is healing  
Why can't you stay?  
I'm lost without you

Why can't you stay?  
I'm lost, I'm lost without you  
Wish you were here with me  
Hole in my heart is healing

Paralyzed by these feelings  
Trying to heal, and they won't go away

Why can't you stay?  
I'm lost without you  
Why can't you stay?  
I'm lost without you  
Wish you were here with me  
Hole in my heart is healing  
Why can't you stay?  
I'm lost without you
