

# Bo Diddley Bridge

Throwing Muses

"If only" is backward terminally ill  
Bo whistling under Bo Diddley Bridge  
Us two summer people still

Sun Racket  
Sedated  
Sitting pretty still

Bo crow, seeing under Bo Diddley Bridge  
Us two freaking  
Sweetly killed  
You know what?  
Only f\*ck with what doesn't matter  
And only f\*ck who does  
Because

The bridge collapsing

The water waiting  
Who's saving us?

The bridge collapsing  
The water winning  
Who's swimming?

The bridge collapsing  
The water waiting  
Who's saving us?

The bridge collapsing  
The water winning  
Who's swimming?

The bridge collapsing  
The water waiting

Is it us?
