

Crayon Sun

Throwing Muses

Scrunched up face in a picture book
Feet don't reach the bathroom floor
Photos flying through the air
Neighbors tree needs me to climb
This what I am, this is what I am
Crayon sun hung on the fence

Someone laughs at my shoes on wrong
This is what I am, this is what I am

Finger pointed at the moon
Little scare and the thunder boom
Counting cars from my screen door

Reaching out for a hand to hold
This is what I am, this is what I am
Crayon sun on all the pants

Someone lacing my shoes up wrong
This is what I am, this is what I am
