

Frosting

Throwing Muses

Slink
Slink away shocked
You'll be okay

Then I wake up and see your smiling smile
I wake up and see your smiling smile

In my sunshine, sunny sun shining, bordered blue
The wax in your feathers melts
Frosting on the foam
In heaven maybe they don't call you crazy
In heaven take me over
In heaven take me over

Then I wake up and see your smiling smile
I wake up and see your smiling smile

In my sunshine, sunny sun shining, bordered blue
