Throwing Muses

I see the sun rise over this wall,  
I watch it break and slide,  
See my name

See my name on the wall  
I tried to walk on this wall  
It fell right under my feet,

Now I only lean  
Only lean on the wall  
I throw an egg at this wall

I watch it break and slide,  
See my name  
See my name on the wall
