

## Lazy Eye

## Throwing Muses

It might be electrical  
I left a broken impression anyway  
It might be blood or coke  
On the front step of store 24

Keep your lazy eye in line  
Sometimes we see so clearly  
With tears in our eyes

You whisper warm space advice

You always had it in for me  
Steeped in earthly and  
Otherworldly tradgedy  
Shake it off or just go back to sleep

Keep your lazy eye in line  
Sometimes we see so clearly  
With tears in our eyes

You whisper warm space advice
