## **Mexican Women**

## **Throwing Muses**

Leave home
Blood becomes a foreign substance
And see it as you let it dry
I forgive my nature or I'll be my saint

I can always feel you in heaven Living in the past I think If I remember that I'll forget this I know you well

Kill the sky The sun'll fry us Burn the rain we'll die Stares from the back stairs I tie your tie, set tables

I won't run your party,
You can't run my life
But the waters run deep
Once there was two Mexican woman

Ran over the hills ripped off their skin And ate it up Leave the town for the children [Lay their skin across the fire]

Leave their rings to their daughters And fly up It's raining again Come home

It's raining in his hands Oh catch it be brave grow You make me cry Understand?

Be safe, no worry So look what you do You freeze my songs And please

Come on
Catch me back I can go faster than fast
Catch me go get back a date
Land a seal too fast

Catch me go get back a date Spin the wheel too fast Help me go get back a date Live a day the past
