

## ignored

thrown

No, please, tell me it's not happening again  
Am I invisible?  
It's like I don't even exist anymore  
An empty vessel with no mind, no heart  
No strength, no fucking soul

Ignored by God  
I'm being ignored by God

Out of hope, and I am out of control  
Burning bridges, losing touch with everyone I know  
Feels like all meaning is gone (Is gone)  
At this point, I might as well give up
