

parasite

thrown

What is done in the dark will
Eventually come to light
So keep talking behind my back
But don't be surprised when I turn around

Be careful what you hide
And how you run your mouth
Parasite

You can't lie your way out of this one
You can't turn back time
You're all alone now
What goes around comes around
You get rid of parasites when they're found

Yeah

I can see through you (I can see through you)
I can see through you (I can see through you)
I can see through you (I can see through you)
I can see through you, I can see through you

You can't lie your way out of this one
You can't turn back time
You're all alone now
What goes around comes around
You get rid of parasites when they're found
Motherfucker
Yeah
