

Get me the fuck out of here  
I cannot breathe  
Too many memories  
Reminding me of misery  
I've tried everything  
To numb the fucking pain  
To heal a wound that keeps getting ripped open

I've been here long enough  
To know I'll never belong  
Somehow life is standing still but keeps spinning out of contro  
l

Been here long enough  
To know I'll never belong

So what am I supposed to feel  
When my entire life is crashing down on me  
Do I smile and wave, do I pray for change  
Or do I put a fucking bullet in my brain?

So what am I supposed to feel  
When my entire life is crashing down on me  
Do I smile and wave, do I pray for change  
Or do I put a fucking bullet in my brain?

I swear to God, every time I close my eyes I want to die  
And what keeps me alive is to fantasize  
About falling asleep but not waking up  
I'm sorry, I just had to let it out
