

## The Second Fall

Thulcandra

What is taken and left behind  
Surrender of the fallen will  
To a god in dust and treachery

Crawling down - The fear of man  
Blindfolds for the weak  
Crawling down - The herd in pain  
Carving the eyes of might

The disciples' bleeding wings  
Torn from Satan's grace and height  
The reflection cracked in cold embrace  
Returning to the golden cage  
The unborn's final strife

A sinner and a snake invoked  
The coward's calling  
Deceivers of the spirit  
Returning to the lord of flies

The descent of a star  
The infernal depth denied  
For the buried design  
Of a greater mind

Another fall in tragedy  
All blood spilled for none  
The death of a martyr  
The reckoning of our loss
