

# Move It Up

## Thundamentals

Yes yes I'm a play it buy ear  
We ain't gonna leave yo we're staying right here  
Going out to my people with the same idea  
Move it up, move it up, move it up, move it up

Yes yes I'm a play it buy ear  
We ain't gonna leave yo we're staying right here  
Going out to my people with the same idea  
Move it up, move it up, move it up, move it up

From my birth to the coffin, my words are an offering  
My doctrine illegitimate alternate option  
And anybody frontin' like they rugged and raw  
When will a sucker realise they're saying nothing at all,  
And the fellas that want to flex, plenty that want to ball  
And sweatin' up on the check, I'm representing the cause  
I'm doing this for the love I'm doing this for the hate  
Doin' it for this minute that's never coming again  
Bussin' the phrase is here to take you up and away  
It's Thundamentals in the place and we got something to say  
The day that I don't well that'll be the moment I'm out  
No walking my mouth I know just what I'm talking about  
I'm talking about the struggles of an average bloke  
With no time to sit back and watch his cannabis grow  
'Cos there's too many dreams that I got to achieve  
So get used to my features I'm not gonna leave you, believe

Yes yes I'm a play it buy ear  
We ain't gonna leave yo we're staying right here  
Going out to my people with the same idea  
Move it up, move it up, move it up, move it up

I need a couple minutes of your time (Why's that?)  
'Cos I got a little something on my mind (Like what?)  
It seems some of these people who are livin' the life  
Are kind of bitter like they've been licking the lime (My God)  
Gotta be smarter than that, I know it's hard to adapt  
That won't pardon the wack, and only harbour the fact  
Of the matter I'ma passin the rap it's all attached to the pad  
In the lab where I'm practicing grammar  
Ask the same questions get the usual answers  
Vain intentions or delusions of grandeur  
My main suggestion is be who you are man  
Do you need what you can't have? Got love, got that  
A lot of money in the world doesn't change shit  
The search for happiness is underrated  
A lot of nonsense is un-debated  
Unfazed as long as we get payed  
Fuck ups get covered in red tape

Yes yes I'm a play it buy ear  
We ain't gonna leave yo we're staying right here  
Going out to my people with the same idea  
Move it up, move it up, move it up, move it up

Yes yes I'm a play it buy ear  
We ain't gonna leave yo we're staying right here

Going out to my people with the same idea  
Move it up, move it up, move it up, move it up

Live and let live 'til I reach the grave  
Yo I came here with nothin' I'm a leave the same  
I got all I need to maintain and get by  
Any petty shit I'm prepared to let slide  
Live and let live 'til I reach the grave  
Yo I came here with nothin' I'm a leave the same  
And as the seasons change I won't lose my head  
On a life long mission just to do my best, yes yes

Yes yes I'm a play it buy ear  
We ain't gonna leave yo we're staying right here  
Going out to my people with the same idea  
Move it up, move it up, move it up, move it up

Yes yes I'm a play it buy ear  
We ain't gonna leave yo we're staying right here  
Going out to my people with the same idea  
Move it up, move it up, move it up, move it up
