## Thundamentals

I'm a twist a swisher, we can roll a tree  
You can get up on it homie, pass the OCBs  
I'm getting older, riding dirty like I'm ODB  
And since a young'un I've been suffering from that OCD  
I guess I got a problem never wanna get my sneakers scuffed  
I remember working jobs saving up for months and months  
Ever since I saw Dee Brown do a no look dunk  
I been on the hunt for the original, the Reebok Pumps  
Omni lights, there was something 'bout the way it was  
Black and White, with the b-ball logo all up on the tongue  
It was love, had no other options but the high tops  
When I'm dead and buried want a pair up in my pine box  
My gosh, lads be repping TNs on their Nike Max  
Fuck around I bring the '80s and the '90s back  
That's just how it is for me, feels like the epitome of hot  
Like my honey with some Pumps on her pretty feet

You're blowing up the spot in your Reebok Pumps  
Damn girl you do it every time  
It's all I ever wanted, yo, it must have been a sign  
A slice of the heavenly divine, 'cause you keep  
Blowing up the spot in your Reebok Pumps  
Damn girl you're fucking up my mind  
It's all I ever wanted, yo, it must have been a sign  
A slice of the heavenly divine in your Reebok Pumps

Pump it up, up, up, up, up, up, up, up, up, up  
In your Reebok Pumps  
Air it out, out, out, out, out, out, out, out, out, out  
In your Reebok Pumps

Yo, let me take you down that memory lane  
Before I used to ride a skateboard down it everyday  
Growing up I never really felt like all the other kids  
With their pumped up kicks like their feet were puffer fish  
Bro, let's be honest here I never owned a pair  
Until I hooked a mate up with some chronic and they loaned me theirs  
Pump it up, air it out, YOLO fucking swag  
Stuff them crummy bubble wrap booties in your bummy duffle bag  
I be rolling deep like it's 1989  
Retro classic shit, custom fit, fabulous, I'm crazy fly  
Holy cow, I be balling on a budget now  
Space Jam T check me out, Bugs up on the front, don't fuck around  
Shout out to my Nike heads, they one-upped the stakes  
But but Reebok run the game back when I was underage  
That's just how it is for me, feels like the epitome of hot  
Like my honey with some pumps on her pretty feet
