

# Moth To The Flame

Thunder

You wake up on the floor like you did before  
And you don't know what to day it is  
So you shut off the sun until the day is done  
But you can't run away from it

You must've done it all this time  
And nothing's really changed  
You pushed reality away  
And still wake up to find  
It wasn't all in your mind

And it's always the same  
Another bad movie now  
You'll go crawling back again, oh  
Like a moth to the flame

Take it to the edge, stumble on the ledge  
You're a candle that has to burn  
'Cause you bought the dream  
And from the way that it seems  
You're living in that other world

Where everone is beautiful  
And you don't feel the pain  
But you won't find an answer there  
The question still remains  
You better hear what I say

Do you fell like the rain?  
Always coming down now  
Don't you tell me it's a game  
'Cause i don't believe it  
You're a moth to the flame  
A moth to the flame  
I know you'll be there again

Where everone is beautiful  
And you don't feel the pain  
But you won't find an answer there  
The question still remains  
You better hear what I say

And it's always the same  
Another bad movie now  
You'll go crawling back again  
Like a moth to the flame  
Don't you tell me it's a game  
I don't believe it  
You're a moth to the flame  
A moth to the flame  
Don't you dare  
Moth to the flame  
Coming back again  
You're a moth to the flame
