Right from the Start

Thunder

Who knows where all the time goes
Years just slip away
There's so many things I haven't done today

But what can I do?
I'm writing this song
'Cause it won't write itself
And it's taking so long

But it needs to be said
And I can say it with all of my heart
I've loved you right from the start

Watching places changing
While people stay the same
Living, breathing, dying
Some faces have no names

But I'll always recall everyone
That made my world better
And though some may be gone

It's so hard to be sad
And I'm happy I'm here where you are
'Cause I've loved you right from the start
Right from the start, right from the start

'Cause I will recall everyone
That made my world better
And though some may be gone

It's so hard to be sad
I'm so happy to be where you are
'Cause I've loved you right from the start
I've loved you right from the start, right from the start
