## Thundercat

Travel through the light  
Holy, holy  
Take me to the highest mountain  
And the lowest seas  
Glory of your light  
Break through

I want to experience all the light has to offer me  
Bathing in your glow  
Patterns in the light  
Pressing your frontiers  
Totally reborn  
Don't be afraid of death  
We'll be gone in the twinkling of an eye

Eye
