

Old blood  
Kick you out  
You don't get what it's all about  
Bye bye  
What you gonna do  
I'm just a lazy old rock 'n' roll fool

Blood in  
(Fight fire)  
Blood out  
(With fire)  
Keep the desire  
Fight fire with fire

Blood in  
(Fight fire)  
Blood out  
(With fire)  
Keep the desire  
Fight fire with fire

One thing  
Life is hard  
If you loose the way go from the start  
Now fight  
You've stayed too long  
Can't stay with people who treat you wrong

Blood in  
(Fight fire)  
Blood out  
(With fire)  
Keep the desire  
Fight fire with fire
