

Hellevator

Thundermother

I'm gonna sell my soul to rock and roll
I hope he hears my call
Taking a trip where no one dares to go
Gonna taste the unknown

Saints and sinners take your pick
Coz I'm a dirty dirty dirty dirty bad ass chick

I'm going down down down down down below
Are you coming with me are you ready to go
Going down down down down all the way
In the hellevator I refuse to pray

Minus one and I am on my way
Angel with a dirty face
It's getting hotter and I'm feeling fear
Going down to this place

Saints and sinners take your pick
Coz I'm a dirty dirty dirty dirty bad ass chick

I'm going down down down down down below
Are you coming with me are you ready to go
Going down down down down all the way
In the hellevator I refuse to pray

Saints and sinners take your pick
Coz I'm a dirty dirty dirty dirty bad ass chick

I'm going down down down down down below
Are you coming with me are you ready to go
Going down down down down all the way
In the hellevator I refuse to pray
Going down down down down down below
Are you coming with me are you ready to go
Going down down down down all the way
In the hellevator I refuse to pray
