

Shoot To Kill

Thundermother

You better change your position
Because you're not any good
You better stop this obsession
I'll stop now if I could
Well I'm not the one to try on
Because I do all the work
You should try a workout
'Cus you're turning off my mood

Are you ready?

Shoot shoot shoot to kill
'Cus I'm tired of you being still
Shoot shoot shoot to kill
'Cus I'm tired of you being still

Is this the way you're giving
When you know I do it all
You better change the way you're living
Well don't bother another call
This feels like a desert
I'm stumbling in the sand
I'm proud of what I'm trying
I'd rather do it with my hand

Are you ready?

Shoot shoot shoot to kill
'Cus I'm tired of you being still
Shoot shoot shoot to kill
'Cus I'm tired of you being still

Shoot shoot shoot to kill
'Cus I'm tired of you being still
Shoot shoot shoot to kill
'Cus I'm tired of you being still
Shoot shoot shoot to kill
'Cus I'm tired of you being still
Shoot shoot shoot to kill
'Cus I'm tired of you being still

Shoot shoot shoot to kill
