

# Sleep

Thundermother

I hate when I'm mistaken, misunderstood  
We're running from our problems, it makes me mad  
I need to live my life the way I choose  
And I respect that you do that too  
I've been through a million things that made me grow  
How can you keep on going when you don't believe?  
We're both are in the right but we are wrong  
It's time we stop being so naive

I can't sleep  
Sleep by your side  
I can't sleep  
'Cause I'm living a lie

You've seen my soul and who I am  
I'm not gonna change to please a man  
Rather be alone than by your side  
Feelings I no longer can hide

I can't sleep  
Sleep by your side  
I can't sleep  
'Cause it makes me cry  
I can't sleep  
Sleep by your side  
I can't sleep  
'Cause I'm living a lie

Yeah, yeah, yeah, yeah, yeah  
Now I'm strong enough to  
Stand here on my own and see you  
Now it's time I let you go  
Yeah, yeah, yeah, yeah

I can't sleep  
Sleep by your side  
I can't sleep  
'Cause I'm living a lie  
I can't sleep  
Sleep by your side  
I can't sleep  
'Cause it makes me cry

I can't sleep  
Sleep by your side  
I can't sleep  
Because our love has died

Now I'm strong enough to  
Stand here on my own and see you  
Now it's time I let you go
