

# Application For Release From The Dream

Thursday

Is there something calling out to me?  
A black cross in the valley of a dream  
Is there something, is there something  
Is there something calling out to me?

I can hear the angels call  
Can you hear the angels call?  
The flashing lights, the screams, coming through the wall  
They won't stop repeating, like a record with a scratch in it  
I can't stop repeating  
Have we seen enough?  
Holding on to you  
Have we seen enough?  
Holding on for you

Is there something wrong with me?  
Sit around, wait for this feeling to pass  
Having lost all direction  
Under false application

I can hear the angels call  
Can you hear the angels call?  
They're calling you, they're calling, calling, calling you  
They won't stop repeating, there's a forest, you're the flame in it  
They won't stop repeating  
Have we seen enough?  
Holding on to you  
Have we seen enough?  
Holding on for you

Please never try to see it through  
And I'll try to stay too  
Please never try to see it through  
And I'll try to find

What is light?  
A spark  
What is life?  
A moment  
What's a future?  
A spark  
How long is time?  
A moment  
And thoughts?  
A spark  
Our bodies?  
A moment  
Where's the dream come from?  
Sparks  
What is death?  
It's just a moment now

Spark, moment  
Spark, moment  
Spark, moment  
Spark

Have we seen enough?  
Please never try to see it through  
And I'll try to stay too  
Please never try to see it through  
And I'll try  
Have we seen enough?

What's light?  
A spark  
What's death?  
Have we seen enough?  
A moment  
What's light?  
A spark  
What's death?  
It's just a moment now
