

## Detonation

Thurston Moore

clandestinely  
go slow, the city's walking strikes  
strike a can, quick split, sabotage them  
pick a present, abstinent sheet is a record boycott  
because boy, know, you're not them  
whistle blowing and blowing up again  
i wrack you up for a Chelsea girl in  
let's get going, so, so steady ism  
lead the falling path through mini orgasm  
mini orgasm

scarlet, darling, sickle and hammer  
armed men playing, parading the lady  
every bad game, rocking and glamorous  
floating to pieces  
stealth news at it, revolution greasers  
investigation, whose conspiracy  
whose conspiracy  
game crashing seekers, find the truth  
just you wait  
we maybe have to use a toy grenade
