

BITTER

ThxSoMch

Heyo, heyo, hey
Heyo, heyo, hey
I hope you don't get better
You left me here so bitter
Heyo, heyo, hey
Heyo, heyo, hey
I hope you don't get better
You left me here so bitter

You try to end my life
But I don't care, I'm still here
Try to cover your traces at night
But I see clear, I'm still here
I don't mind
I love it when you hate (hate, hate)
No surprise
You're bitter to the taste

Yeah
One, two, three, four

Heyo, heyo, hey
Heyo, heyo, hey
I hope you don't get better
You left me here so bitter
Heyo, heyo, hey
Heyo, heyo, hey
I hope you don't get better
You left me here so bitter

Your words control my mind
[?] behind me
Come on, entice me, it's hypnotizing
Dehumanize me, dehumanizing
Fill my head and bend my spine
What was born was meant to die
[?] now you are not afraid
[?] me, don't even ask me

Yeah
One, two, three, four

Heyo, heyo, hey
Heyo, heyo, hey
I hope you don't get better
You left me here so bitter
Heyo, heyo, hey
Heyo, heyo, hey
I hope you don't get better
You left me here so bitter

You try to end my life
But I don't care, I'm still here
Try to cover your traces at night
But I see clear, I'm still here
I don't mind
I love it when you hate (hate, hate)

No surprise
You're bitter to the taste
