

# LOST!

ThxSoMch

Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost  
I'm just tryna get dosed  
Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost  
Everybody shut up I got something to say  
Everybody shut up I got something to say  
Everybody shut up I got something to say  
I don't give a fuck 'bout what your president say

I'm 'bout to tune out  
I bought a new house  
I could've been something  
I got blues now  
And if you fuck with me 'pare to pay your debts off  
I swear I made my momma cry the night she saw me

Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost  
I'm just tryna get dosed  
Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost  
Everybody shut up I got something to say  
Everybody shut up I got something to say  
Everybody shut up I got something to say  
I don't give a fuck 'bout what your president say

Yeah, you hard you scarred from the smack  
Bar to bar, I crept watch your back  
I'ma pull up just to see you curdle  
And when you try to come alive  
Pollute your head with naughty thoughts  
You grab a semi-automatic

I'm 'bout to tune out  
I bought a new house  
I could've been something  
I got blues now  
And if you fuck with me 'pare to pay your debts off  
I swear I made my momma cry the night she saw me

Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost  
I'm just tryna get dosed  
Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost (Get lost)  
Get lost (Get lost), get lost  
I'm just tryna get dosed  
Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost

Everybody shut up I'm just tryna get lost  
Everybody shut up I'm just tryna get lost
