

Choppa cook her up, I'm a stove and a oven  
Say she from Hawai'I so I call that hoe McLovin  
Evel Knievel, up out the north stuntin  
Shawty thick as fuck, but I know it come with somethin  
Ass can't fit in jeans, its on top, look like muffin  
They wanna sing, came for me, David Ruffin  
We can fuck on E, that's on me, hoe its nothin  
Its the policy, money me, no discussion

I came with a rocket and problems

Like fourth of july, get it poppin  
He aim at yo head, we gone knock out toboggan  
Like food on the counter, want onions, we choppin  
And I squirt on yo floor, drain it up, get to moppin  
I came with three bitches so you got a option  
I'm done with that bitch put her up for adoption  
Watch em, cause I know that nigga talkin  
I know I got cars but on these hoes I'm walkin  
And shockin, she came with no money, she thottin  
Birds of a feather, together they flockin  
Like grainy white baby, you know that I'm rockin  
At gym with the training, til morning I'm joggin  
And bullets like haters you know that I'm dodgin  
It came in all pink so you know that I'm copin  
Like 34 what and he know that I'm mobbin  
Like cherries and whip cream you know that I'm toppin  
We drop on the same day, you know that its floppin  
We kick in yo door, hoe you know we not knockin  
Yeah I got a Glock but you know that I'm boxin  
She wanted a picture with [?] I'm shoppin  
Checkin my ig, you know that she plottin  
And my ass gettin fatter you know that I'm squatting  
If he call me batman you know that he robin
