

You Knew

TiaCorine

You knew you knew better (you knew oh baby you knewwww)
Baby you knew you knew better (ain't no us, I'm sick of yo love
)

You knew you knew better (you knew oh baby you knewwww)
Baby you knew you knew better (ain't no us, I'm sick of yo love
)

Why your attitude so ill
You can't come inside 'cause you don't pay no bills
How you manage get me all up in my feels
Stack my chips dill pickle now they don't know where I live
Damn baby why you all up on my tip
Look at this, could've had me but you always wanna trip
Here for you, anything you wanted, get it off the rip
But I'm no bitch, whoop yo ass, infant yo mama and yo kid

You knew you knew better (you knew oh baby you knewwww)
Baby you knew you knew better (ain't no us, I'm sick of yo love
)

You knew you knew better (you knew oh baby you knewwww)
Baby you knew you knew better (ain't no us, I'm sick of yo love
)

Grow up, you think you so tough
Dump trunk, that Hillary Duff
Do it just right, turn into cream puff
Why you double text me, boy I thought you had enough
