

Even (Song To A Friend)

Tiago Iorc

Never will the faith be taken, nor the time be wrong
You're not alone
Promises are understatements
This is a cross of hearts

Rely on, rely on
Even, as the sum is whole
Even, as the sum is whole

So long you go to find a friend, so many come and fall
After all, they sum the fingers of your hand
If you count them all

Rely on, rely on
Even, as the sum is whole
Even, as the sum is whole
Even, as the sum is whole
Even, as the sum is whole
It is whole

Even, as the sum is whole
Even, as the sum is whole
Even, as the sum is whole
Even, as the sum is
