

Who Needs Answers

Tiago Iorc

Should I ever refrain before a stop?
Should I first stall, then drop?

Who needs answers
Who needs use
Love means answer
Love means you

Not long ago, I had no place to go
I was so far apart from you
Not long ago, I had no place to go
I was so far apart from you

And who needs answers
And who needs use
Love means answer
Love means you

And you can shine it all on me
You can shine it on
And you can shine it all in you

And who needs answers
And who needs use
Love means answer
Love means
Love me
Love means you

Should I ever refrain before a stop?
