

Babe, I can't forget  
All the time we spent  
Friends for our benefit  
I hope you got what you needed  
'Cause the faith is gone, I'm done believing  
And the heart will show you things so deceiving  
So I almost hit you up this evening  
But I know I let you go for a reason

I don't wanna think  
I don't wanna wait  
I don't wanna waste my time so  
I don't wanna chase so I wanna say  
It's fuckin' with my mind (fuckin' with my mind)  
It's fuckin' with my mind (fuckin' with my mind, oh)  
Somethings wrong with me  
I can't grip reality  
And it's fuckin' with my mind. oh  
It's fuckin' with my mind

You know what it is  
I can't lie  
It ain't worth trippin'  
If it ain't mine  
Took the first flight to Memphis  
You know you can't fool women  
You wasn't worried bout who was in this  
When you were fucking with 2 bitches  
I used to want to find love  
But that just fucked my mind up

I don't wanna think  
I don't wanna wait  
I don't wanna waste my time so  
I don't wanna chase so I wanna say  
It's fuckin' with my mind (fuckin' with my mind)  
It's fuckin' with my mind (fuckin' with my mind, oh)  
Somethings wrong with me  
I can't grip reality  
And it's fuckin' with my mind. oh  
It's fuckin' with my mind

They told me don't do the shit  
You know I live like a hooligan  
How I'm 'posed to act new to this  
When a nigga dead lookin' like a ruler bitch  
Had me lookin' at my ex like "Who again?"  
Now I'm lookin' at you different 'cause you ruined it  
Can't believe I ever talked about you moving in  
Thought I couldn't live without you but I'm doing it

Somethings wrong with me  
I can't grip reality  
And it's fuckin' with my mind oh  
It's fuckin' with my mind (fuckin with my mind)  
(Fuckin with my mind)  
I can't grip reality

And it's fuckin' with my mind oh  
It's fuckin with my mind  
Babe, I can't forget
