

# Hit You Right Back

Tiara Thomas

Ima hit you right back, yea  
I'm a little sidetracked right now  
You know I be high like that, yea  
So Ima hit you right back (Ima hit you right back)  
I been on the move I'm making moves  
Yea, I know you be in the mood  
Don't make me choose  
So Ima hit you right back, yea  
Ima hit you, Ima hit you right back

Told you what it was you knew what it wasn't  
When you be off the bubbly you saying you love me  
When I don't say the same then you say I'm frontin  
But I ain't playin games  
I'm just catchin planes  
And I ain't got the time to argue right now  
I ain't got time to be tied down  
I don't need something complicated  
Just good sex and conversation so...

Ima hit you right back, yea  
I'm a little sidetracked right now  
You know I be high like that, yea  
So Ima hit you right back (Ima hit you right back)  
I been on the move I'm making moves  
Yea, I know you be in the mood  
Don't make me choose  
So Ima hit you right back, yea  
Ima hit you, Ima hit you right back

Lately I've been grindin, stackin paper makin moves  
I keep missing calls swear I ain't tryna be rude  
I'll be home tonight it's on sight when you come through  
Blowin out your back I know you been in the mood  
I just need time and patience  
Cuz we still a vibe, girl you know what I like  
But sometimes I be hesitating  
We be together no ties  
Like it better with you on the side

Ima hit you right back, yea  
I'm a little sidetracked right now  
You know I be high like that, yea  
So Ima hit you right back (Ima hit you right back)  
I been on the move I'm making moves  
Yea, I know you be in the mood  
Don't make me choose  
So Ima hit you right back, yea  
Ima hit you, Ima hit you right back

We vibin, just slow up  
So sorry, can't hold ya  
I'll be alone 'for you fuck up my mindset  
It's about to be one of those nights where you don't hear me out  
Be one of those nights you gon stress me out  
I just need somebody who really don't need me

Ima hit you right back, yea  
I'm a little sidetracked right now  
You know I be high like that, yea  
So Ima hit you right back (Ima hit you right back)  
I been on the move I'm making moves  
Yea, I know you be in the mood  
Don't make me choose  
So Ima hit you right back, yea  
Ima hit you, Ima hit you right back
