

## How It Is

Tiara Thomas

I should be the one that you choose  
But I'm in a different mood  
I'm rolling around breaking rules  
The snakes in my head like Medusa  
Damn it I thought that I knew ya  
But you were just showing me crew love  
So I hesitate with the new love  
Cause I'm just afraid I could lose it all

I could do a million good things  
You only see me when I fall  
Damn  
But that's just how it is;  
That's just how we live  
They might shut me down;  
Might give me a kiss

And you know it feel some type of way  
Cause you know my heart gon break  
It feel some type of cool  
When you're out here on your own  
yeah yeah yeah

But that's just how it is  
That's just how we live

Sometimes I think everyone judging me  
Sometimes I think everyone loving me  
Sometimes I think everything bugging me  
Sometimes I think nobody fuck wit me

Is you fucking wit me just to fuck wit me?  
Why you hit me up all of tha suddenly?  
Asking me shit like what's up wit me  
So you can say you keep in touch wit me  
Damn if that is how it is  
I don't want no friends I just a want a Benz  
Haters in my crosswalk just to be offense  
Blowing lames off now they blowing in the wind  
This remind me of a way back then  
Said I'll never make it way back then  
They was hella jaded way back then  
Hella jaded way back then

Fall

I could do a million good things you only see me when I fall  
Damn  
But that's just how it is;  
That's just how we live  
They might shut me down;  
Might give me a kiss

And you know it feel some type of way  
Cause you know that my heart gon break  
It feel some type of cool  
When you're out here on your own

yeah yeah

But that's just how it is  
That's just how we live
