

# I Need

Tiara Thomas

I need money  
I need sleep  
I need new shit  
I need peace  
I need you when, I want the D  
I need true shit, when you talk to me  
Yeah, I could use some inspiration  
I need someone I can create with  
Studio in the basement  
Makes me want your love crazy

If there's anything I'm here for  
I'm down for life  
If it ain't about that I ain't living right  
I can't think about the things that I gotta prove  
It's a lot of things I want I'ma get on to  
I can feel it  
My hands through the ceiling, yeah  
I need money  
I need peace  
I need new shit, I need  
I need love  
I need sleep  
I need you, yeah I need  
I need money  
I need peace  
I need new shit, I need

I need strong weed but I smoke too much  
I get lonely yeah, I'm not holding up  
I'm not sober, I need to be  
I'm not over you leaving me  
I could use the inspiration  
I need someone I can create with  
Could use a really nice vacation  
I guess what I'm tryna say is

If there's anything I'm here for  
I'm down for life  
If it ain't about that I ain't living right  
I can't think about the things that I gotta prove  
It's a lot of things I want I'ma get on to  
I can feel it  
My hands through the ceiling, yeah  
I need money  
I need peace  
I need new shit, I need  
I need love  
I need sleep  
I need you, yeah I need  
I need money  
I need peace  
I need new shit, I need
